

Public Notice

I am hosting a 4H kickoff event for 4H members in Brewster and Jeff Davis counties on September 18th. The event is called the 4H roadshow, and it consists of a group of 4H specialists coming to town with different games and activities for current and prospective 4H members. I do not know what the event use to cost but it now costs \$250 dollars plus the cost of a hotel for one night for the crew. I was checking to see if it would be acceptable to use some of the funds from my supplies fund in my budget for these expenses. The event would serve both counties and as such they could split the cost. I hope that the kickoff event will jumpstart the upcoming 4H year and help get enrollment up.
